

**Avis et communications  
de la Direction générale des douanes et droits indirects**

**Avis aux importateurs  
de certains produits agricoles et industriels admissibles au bénéfice de suspensions et  
contingents tarifaires autonomes**

Afin d'assurer un approvisionnement suffisant et continu de certains produits agricoles et industriels qui ne sont pas disponibles ou dont la production est trop faible dans l'Union, les droits autonomes du tarif douanier commun sur ces produits ont été suspendus par les règlements (UE) 2023/2880 et 2023/2880 (JO UE du 29.12.2023). Ces produits peuvent être importés dans l'Union européenne à des taux de droit de douane réduits ou nuls.

Lorsqu'une suspension tarifaire autonome entre en vigueur, elle reste valable 5 ans renouvelables (ou jusqu'à ce qu'un producteur européen s'oppose à sa reconduction). Dans le but de s'assurer de l'utilisation suffisante (au-delà des 15 000 € de droits de douane économisés par an), la Commission européenne procède à un suivi statistique.

L'attention des importateurs est appelée sur la publication, à la fin de cet avis, du résultat de cette étude pour le cycle de janvier 2025 :

- La liste « verte » reprend les suspensions tarifaires reconduites automatiquement compte tenu des montants de droits économisés par les entreprises (sauf en cas d'opposition par un producteur européen).
- La liste « rouge » reprend les suspensions qui ne dépassent pas le seuil des 15 000 € d'économie de droits de douane et nécessitent l'envoi d'une demande de prolongation<sup>1</sup> à la Commission ; à défaut, ces mesures seront supprimées.

Les importateurs doivent par ailleurs prêter attention aux éléments suivants :

- Compte-tenu du retrait du Royaume-Uni de l'UE, certaines suspensions ne peuvent être renouvelées par la délégation britannique et sont donc susceptibles d'être supprimées au 1<sup>er</sup> janvier 2025. Les importateurs transformateurs de l'Union qui souhaitent maintenir ces mesures devront déposer une demande de prolongation.
- Toute demande de prolongation portant sur une substance chimique devra préciser en partie III le numéro d'enregistrement REACH. Une fiche technique reprenant la pureté du produit importé devra être jointe.
- Le renouvellement de certaines suspensions tarifaires sera examiné au cas par cas lorsqu'il existe une production dans un ou plusieurs pays couvert(s) par un accord de libre-échange. Ces mesures sont signalées en orange dans la liste ci-après. Aucune mesure de suspension tarifaire ne peut en effet être proposée lorsqu'il existe déjà un accord de libre-échange permettant d'importer le produit. Les

entreprises souhaitant demander la prolongation d'une mesure reprise en orange dans le tableau doivent se rapprocher de la DGDDI afin de préciser les raisons qui les empêchent d'utiliser l'accord de libre-échange.

Les entreprises utilisatrices d'une suspension non renouvelée peuvent demander le maintien de cette mesure en adressant un formulaire de prolongation<sup>2</sup>, dûment rempli, au bureau de la politique tarifaire et commerciale de la DGDDI à l'adresse suivante : [dg-comint3-suspensions@douane.finances.gouv.fr](mailto:dg-comint3-suspensions@douane.finances.gouv.fr), avant le 29 mars 2024.

## Prolongation des suspensions au 1er janvier 2025 – Listes verte-rouge

<b><i>≥15 000 / liste verte</i></b>	La mesure sera prolongée automatiquement (si elle ne fait l'objet d'aucune opposition).
<b><i>&lt;15 000 / liste rouge</i></b>	La mesure n'est pas utilisée au-delà des 15 000 € de droits de douane économisés par an et sera supprimée au 1er janvier 2025 si aucune demande de prolongation n'est formulée.
<b><i>Suspension supprimée en l'absence de demande de prolongation</i></b>	A la suite du Brexit, la mesure n'a pas fait l'objet de prolongation et sera supprimée au 1 <sup>er</sup> janvier 2025 si aucune demande de prolongation n'est déposée par un importateur transformateur européen.
<b><i>Production disponible dans un ou plusieurs pays couvert(s) par un ALE</i></b>	La mesure pourrait être supprimée et fera l'objet d'un réexamen au cas par cas. Il conviendra d'expliquer les raisons pour lesquelles il n'est pas possible de recourir à l'accord de libre-échange (ALE).
