

You were unable to complete VAT refund formalities in France

I was unable to complete the VAT refund formalities before leaving France¹.

Am I still entitled to a refund ?

Yes, if you were prevented from completing the formalities for reasons attributable to the organisation of the Customs service (barcode readers unavailable for technical reasons and no officers present on-site).

To obtain a refund you must:

Take the form and the goods purchased (or a receipt for payment of taxes and duties for imports into your country) to the French embassy or consulate in your country of residence.

In this case, you can have Box A of your form stamped or be issued with a certificate attesting to presentation of the goods mentioned in your document.

Send your request for regularisation to the Customs service located at the French point of departure within six months of the date of purchase. You must enclose with your request:

- a copy of an identity document proving that you are a non-EU resident;
- a copy of your travel ticket;
- the original or scans of the VAT refund forms;
- the receipt provided by Customs in your country of residence, or a certificate/original export sales form stamped by the French embassy or consulate;
- a letter explaining why you were unable to complete the VAT refund formalities before leaving France or the EU. This letter must also include the date and time you left France.

What should I do if I leave the European Union via a Member State other than France ?

You must ask the relevant authorities in this Member State to stamp your export sales forms and send them back to the French retailer who sold you the goods.

¹. In exceptional circumstances which must be explained in the request for regularisation.

How the pablo barcode reader works

1

SELECT YOUR LANGUAGE

Select one of the nine languages proposed on the touch screen.

2

SCAN THE BAR CODE

Scan the bar code on your paper form or smartphone using the reader.

3

OBTAIN CUSTOMS APPROVAL

A green screen will appear with the message « **OK, form valid** »: this electronic approval is exactly the same as a Customs stamp. The approval process is complete. If a red screen appears, follow the instructions on screen.

Once your form has been scanned and approved, you can obtain a refund directly at a reimbursement window if there is one located at the exit point you are leaving from. Alternatively, you can opt for a refund via bank transfer. You should inform the retailer of your preferred option when purchasing the goods.

What should I do if there is no PABLO barcode reader at the exit point I am leaving from ?

Go to the Customs counter at the exit point.

Customs may at any time check that you meet the VAT refund conditions. If you are subject to a Customs inspection, you must provide:

- ID confirming that you are a non-EU resident;
- Your travel ticket;
- The goods eligible for a VAT refund, which you must carry with you.

FAILURE TO PRESENT THE GOODS TO CUSTOMS WILL RESULT IN YOUR EXPORT SALES FORM BEING CANCELLED AND A POSSIBLE FINE.
